Quartermaster

The Quartermaster's position is to be the **moderator for the community discussions**, both in Discord and in the Minecraft server. They **ensure all rules are followed** and put a **stop to any behavior that is hostile to the community's health**. They **lead discussions in the community** by being an example of how we should treat one another, upholding the core pillar of being a friendly community.

The Quartermaster is also responsible for **managing the Discord server's configuration and settings**.
